>> Please confirm receipt of this email immediately please. Again Mari as always, thank you in advance.

>>

>> Dear Mr. Bradley,

>>

>> Approximately a little more or less than six months ago, I asked and your office to forward me a copy of the actual arrest footage in and sum total of June 14, 2011.

>>

>> Your secretary mailed me a copy of what she felt was satisfying my requests, however upon receipt of the disk, once inserted, the disc was completely blank!

>>

>> Again please forward me a copy of the same requested this, but please this time make sure the copy of the disk is operable as it was in audio and video.

>>

>> Send this immediately to the following address:

>> Amber Pawlak  
>> C/o Clifton Jackson  
>> 117 Weaver St.  
>> Buffalo NY 14206  
>>  
>> What struck me as odd about this requested disk, I can recall past conversations between you and I, about you with witnessing the disk, along with testimonies at the suppression hearing of the same when requested Trooper Beyers about the alleged legalities of the traffic stop.  
>>  
>> In fact trooper buyers even attempted to refer to this footage of the traffic stop June 14, 2011 in reference to which way the wind was blowing etc.,  
>>  
>> However, the suppression hearing was adjourned to the writers understanding that the judge had to review the footage, and if you recall my initial question to you was, why not review the footage during the hearing?  
>>  
>> Although you attempted whatever answer, I left that hearing with the big question mark in my head regarding, because that's what a appropriate suppression hearing is for, to lay and weigh out all the questionable evidence in light of constitutional protections state or federal.  
>>  
>> However, what also struck me as odd, when the DEA requested a copy of the same disk I'm requesting for whatever reasons, upon receipt their copies as document were blank as well. However,  
>>  
>> The appropriate footage should not only highlight the actual traffic stop, but it should also highlighted alleged appropriate actions of the Trooper Trader and his K-9 Argo from start to finish,  
>>  
>> And more importantly as documented, per any alleged microphone(s) recording all conversations and or radio transmissions included but not limited to L.E.A.D.S operational status while I was being illegally detained in Trooper Beyers patrol cruiser prior to the canine arrival and open air sniff or search.  
>>  
>> Again please forward me a operable copy (audio and video) of the requested footage immediately please, to the enclosed address.  
>>  
>> As the above will be another key tool in our preparations for trial, appeals, appellate and or federal court review(s), in light of my constitutional protection state and or federal, that should be protected by the United States judicial system, be it my legal counsel, the district attorney's office and or the residing judge etc.! Directly related to Trooper Beyers credibility issue(s) in my request thereof.  
>>  
>> Thank you in advance, and I am anticipating your prompt response and cooperation(s),  
>>  
>> Sincerely,  
>> Clifton A. Jackson
