> Dear Mr Bradley

>

> Please formulate a motion for Speedy Trial Violation, but not limited to.

>

> Before the immediate submission of this motion, again send the draft and give me several days in case any changes are requested.

>

> Also, yesterday court appearance and my travels to Ohio was such a waste.

>

> After having a brief conversation with one of your office peers,

>

> Why are we not pushing the speedy trial envelope, and why are my defense counsel bringing about any request that will stop the clock for the people's clear unreadiness for any possible trial regarding?

>

> Also, why haven't we received our requested copies of the certified reports per the logs from the state of Ohio, or the respected departments of the state of Ohio regarding, either way from the people's regarding the documented status per the date and exact time of my arrest June 2011,

> relevant the documented operational status of the:

> a) L.E.A.D.S program

>

> b) Any and all documented reports of malfunctions per trooper Beyer patrol cruiser

>

> c) A fully operational audio and video copy of the actual traffic stop in its entirety.

>

> d) Also, we need copies of all the documented investigating and arresting officers radio transmissions, 911 calls etc., personal and or patrol radio and or phones transmissions etc.

> I am curious to know, why haven't I received any copies and or drafts from you and or your office via Email and or U.S. Postage making any of the (enclosed direct request to either assistant district attorney office and or the respected departments of the State of Ohio regarding, that I've been personally asking of you since , again mid 2012) request enclosed?

>

> Per your pier, some of the departments if not all of the departments have there own individual entities where the requested informations can be obtained without delay! We still want to have the people's get and give the same informations per the same request to make sure all the paperwork coincide.

>

> That we are not pushing the speedy trial envelope, it's been and or will be the better part of two plus years, and in addition we do not have any of the particular request enclosed, deeply concerns me!

>

> That the judge retired, and now it was stated that a new ADA has taking over the case per your pier, however none of this is justifying in violating my speedy trial rights!

>

> In addition, the sum total of, none of it makes any since that my defense counsel will be stoping the speedy trial clock, in my opinion indirectly helping the people's case or lack thereof.

>

> Thank you in advance, and in anticipation of your prompt response,

>

> Respectfully Submitted and Requested,
