Teyana & Iman

Teyana, Honey Rise Up & Dance, Kanye's Fade and more
it's crazy how your brand has skyrocketed
we can only admire the riches from afar
your daughter Junie and Iman have profited –

Iman, you've come so far
since the Knicks and Madison Square Garden
you are now an NBA champion,
a father and husband I beg your pardon –

together you two represent a grind
parenting, dance videos, modeling, acting,
television, music, chasing more titles, etc.
shine motha f**kas shine –

now multiple industries have gone into a frenzy
you have redefined the definition of marketable
skiing life's giant slaloms like Lindsey –

you two are surely a king and queen
and it's an honor to pay homage
Teyana, you are the ground in your family
overshadowing all the stereotypical bondages –

I can only paraphrase your success,
which is only the beginning
tons of love and money for Junie
an icon status that has no ceilings –

Teyana & Iman like VH1 and so many other millions
we will continue to cheer you on
thank you for being you
and for sharing with your followers
Oyezzz, your next level of success is born –
