

## 5<sup>th</sup> Avenue Versus Rodeo Drive

This title runs so much deeper than fashion  
that's why it's extremely important to respect the unknown  
like the known cause you never know what or who your passing –

so be sure your presentations are cordial  
to minimize the elusions of any misunderstandings  
cause physical conversations can differentiate from your verbal –

I'm talking success, trends and garments of life  
as designers be it retail or a select clientele  
our presentations are a dynamic that can influence our flights –

yeah we all fall or fail but it's how we rise  
remember as long as there's a will there's a way  
I'm talking that drive that allows ever the opposite to OPENYOEYES –

twenty thousand for the fit we yearn to wear it well  
it takes pennies to stack dollars and grands to stack mills  
it's your discipline which determines how your chasing your tail –

Rodeo Drive and 5th Ave. you gotta love it  
be it Paris or any fashion mecca in this world  
it's our experiences in life that cannot be avoided –

so no one should judge its alleged our cycles were written  
our footwear and accessories must converse on their own  
so make the best of every opportunity be it fiction or nonfiction –

now picture clear nights and beauty of stars be it summer or fall  
keep dreaming and reaching for them  
cause equality and success are simply remnants of all for one and one for all –
