

## Angels

Life has a way to introduce  
each of us to our various angels  
if only we knew who were who  
angels can be in the physical or spiritual –

angels travel with us planet to planet  
regardless if our actions  
are of victims or of bandits  
angels comfort us through everything  
we are geared or fear to manage –

regardless our languages  
angels speak everything from English to Spanish  
I may see your angels or you may see mines  
however all to many times we do not either see  
or appreciate the angels that are amongst us –

so regardless your angels names  
be it Angel, J-Lo, Adele, Janet or Mariah  
your worth the sky can't contain on its banner –

Angels even loves Brinks feel me  
that quality name securing that paper  
be it Basketball Housewives or Love & Hip Hop  
I'm talking those Shaunie O'Neal blessings in various flavors –

so to all the known and unknown angels  
I'm sure without disrespect I can speak for us all  
not only do we love and need you  
sincerely you are appreciated –
