

## Ariana Grande

Ariana where do we start  
we can only imagine your thought process  
due to the tragic events in Manchester  
that will forever be a part of our hearts –

the world knows the talent, the beauty and the boss  
however all too many times we forget  
that person in you whom at any cost would  
put the state of global oppression and the poisons of hate on pause –

not everyone can see you separate the person from the star  
there are so many layers of pain but your plans  
and generosity for Manchester was no publicity stunt  
the inner beauty your exhibiting is simply who you are –

if I never seen a photo or heard any of your music  
through tragedy comes triumph and the humility  
and beauty in you arguably are your greatest attributes  
and we love how your using it –

it's has become clear every performance symbolizes a special meaning  
I'm talking an internal drive filled with euphoria  
the total package barely breathing the crowds' screaming  
literally going crazy at the sight and thoughts of you leaving –  
so now you know why we're chatting Ariana all across the land  
sis the love is real it's written all across the sand  
your outer beauty and musical genius has nothing on your  
inner beauty that makes so many of us your #1 fan –

The Oyezxx family sends their sincere condolences to all the families and friends of those lost or affected by the Manchester or any other unnecessary acts of violence.

Although easier said than done we will continue our efforts to open our hearts because anything that makes us wear, feel or express hate is simply an unnecessary burden.
