

Ho-N**gas it's Over Freestyle

I speak from within the lines of the lost and forgotten
disturbed by the quality of man that transcends investigations
twice as worse than the feds watching –

Ho-N**gas are now embracing doing their Victoria Secrets
on the streets and behind the gates all you see
are inconsistencies and weaknesses –

Ho-N**gas use to be initially scared
then they get familiar start quoting rap verses fronting
like they've counted cartel money for the lost an impaired –

then the feds debrief them for all their suggestions
knowing the feds will not conceal them from the media
I'm talking exposure by way of freedom of expression –

so let me expose some of Buffalo's various rat cheeses
a top seller has been Terry Williams, Delevan Griz,
the brother and sister combo of destiny and black wezs –

I can't forget about all you fuckers
Who buried ho-n**gas. Rah Rah and Boogie
when that muzzle flash you'll understand life fully –

bottom line the game is no longer kosher
before I let one of you Ho-N**gas get me again it's over –
