

Mr. SportsCenter Chris Boomer Berman

Boomer we will miss your "2 min drills"
that back - back - back
he - could - go - all - the - way - feel –

As a fan many of us share the sentiments expressed by your peers and coworkers
back in the 70s moving forward many met you via ESPN
today it's very clear your stock has graduated sports reporting to a humility broker –

Your warmth and worth in person and profession are no longer a mystery
what a way to end a career at Super Bowl LI
Chris Berman, Bill Belichick and Tom Brady
sharing a championship filled career
folks we have witnessed history –

Boomer several things in closing (1) Looking back to the beginning of your career to date there is nothing to say but wow the power of your vision, (2) In personal and professional workspaces it appears you've always been the definition of warmth, acceptance, personality and class. You are also the vehicle of swag that is now universally accepted and embraced throughout the profession of reporting, and (3) Bristol, Connecticut was your launching pad to become and showcase a household brand today the world knows as ESPN.

Your legacy is not only cemented, it has transcended you into a space occupied by legends living amongst us and looking over us.

Sincerely thank you for simply being you. Oyez22.
