

## Muva F\*\*kas

Shout outs to Amber Rose aka Muva. Sis holla.

I speak from inside the lines [ITL] muva f\*\*kas  
regardless your city or hood  
the streets don't give a flying f\*\*k  
about what either of us stand for –

although we excel in life by networking  
believe nothing you hear and half of what you see  
that's why my designer frames keep switching tints  
in these cold and unforgiving streets –

that pillow talk may be the ingredient that kills you  
see fake love and loyalties fluctuate  
with the alleged shakers and shooters –

it's no mystery everyone alleged to be thorough  
we are all pawns in a double standard society  
unapologetically excelling for status and money  
yeah life's a b\*\*t\*h an every last one of us married her –

the streets are immortal our perceptions are momentary  
we purify the waters of bacteria but not Satan  
violence, hating and sucka shit is the only things respected  
regardless your race or culture the system is patiently waiting –

life's amble so you just may have to stand trial  
start respecting your choices, mothers and babies names  
even though the possibilities of winning  
extends over a thousand miles –

the hustles legal, recreational or survival never mattered  
in the short or long terms no profession,  
vagina nor penis respects or enjoys the company  
or presence of rodent feces in their cake batters –

complete silence is always your best defense  
for yours your love is no stronger than mines  
nor are your skeletons  
different in guarding your throne –

listen when your throne is contaminated  
or infiltrated by your enemies, etc.  
authored by alleged love on some betrayal shit  
where does that leave the status of your throne –

the answers confirm the streets don't get you  
most times its those that are closest to you  
although death is the worst case, a sentence is physical detention  
mentally only you can incarcerate you –

and it's sad to say there are more people  
living amongst society incarcerated  
then those actually incarcerated muva f\*\*kas –

the streets never keep it streets  
like me and like minds muva f\*\*kas  
my paperwork and pedigree is official  
f\*\*k a case check my history muva f\*\*kas –

and since revenge is best served  
on a platter of success not violence  
I will say this even when I'm down bad  
my billion-dollar swag and vision remains the course –

so learn to live with regrets  
hope to see you at the top  
establishing and solidifying relations  
like Amber Rose muva f\*\*kas –
