

Oyezxx Before the Money

Oyezxx before the money
my swag was embraced by the streets
before the money
protocol mandated I digest the bitter like the sweet –

before the money
hood loyalties became everything
before the money
my vision remained the course like Starbury and China dreams –

before the money
my priorities did not align with my commitments
even today money
I have to learn to forgive the same way I seek forgiveness –

before the money
I became focus overflowing with recollections
the exchange rate of money
is not worth the gamble, surgical or hypnotic injections –

before the money
I never knew the depths and the gambles
I am the money
even incarcerated my mind is my weapon my dreams are my ammo –

five and six figures we ball different digesting the bait
before the money
a broke mentality should never supersede faith –
the dynamics of money
the vehicles, purposes and transitions may vary
the quest of money
the thoughts of being broke and hiding you are scary –

getting to the money
geographical mentalities are for the lost
to fully enjoy the money
international swag requires us to leave the block boss to boss –
