

## Serious

I know plenty of street dreamers who are mixing with corporate ladders  
I know more corporate figures who cannot graduate  
their love and infatuations with swag and street platters –

I'm talking den of thieves the saw chopping though ten cars  
masterminds are the unexpected hidden within the blogs  
sacrificing gangsters chasing that London fog –

cyber extortions, big coins, untraceable notes,  
the federal reserves are serious  
that's why I keep orbiting the diamond districts  
so my VVS's can reflect like a prism shining within my lyrics –

I'm tired of fake loyalties and the streets embracing suckers and rodents  
I've always felt like I'm picking and choosing  
seeing all this sucker shit makes me question if I was chosen –

eighth second losses forced me to upgrade  
my motors from nitrous to twin turbos  
not to mention shedding some weight plus  
reevaluating graduating tax bracket like ratios –

it's crazy when those closest like your aunts, BM and God brother  
confirms those closest will hurt you  
what even more crazy if you play with the muscle  
those closest will assist the feds to blurb you –

you Cube I'm still a hundred miles and running  
clock my pace its serious  
you know in these streets we've witnessed  
so much death we've become numb to it so to delirious –

I'm talking the 405 drag racing the Fast & Furious  
females letting their nuts hang  
more than straight males who are acting like  
they're the ones wearing tampons having periods –

that's why in my swag I trust  
it's nothing pulling all-nighters chopping bricks to chunks  
then package it and push it bag for bag  
the streets is my lady a nympho who loves to suck –

see official don't change yesterday's money out of sight out of mind  
it's too much debriefing going on  
I'm the same when no one's looking  
today that's a trait and quality hard to find –

so please stop ignoring the signs  
realistically nothing is surprising or mysterious  
how can we tell these haters not to hate  
simply shine on em you feel me this shit is serious –
