

The Power of Social Media

Social media gives everyone a global connection
the once unreachable are now reachable Mark Zuckerberg & Co.
your visions from day one has exceeded a blessing –

now social media has unlimited possibilities
allows our dreams affordable seats to travel to space
today life is overflowing with seasonings
to prepare persevering stories to our acquired taste –

and it's all healthy very friendly to diets
all we have to do is prepare our flight itineraries
so I guess you can officially say we are all pilots –

Mr. Zuckerberg my title In My Lifetime Iconic Individuals Volume 1
for sure you and like minds embodies the title
the blueprints you've laid before the world
is the equivalent to scriptures and the Bible –

daily you are seven times stronger than an NFL Super Bowl
neighboring 2 billion members/followers
I hope you consider Oyezxx in your next episode
like IG and Snapchat who've grown since their baby showers –

the power of social media there's nothing equal
it's like everyone's driving a 3000-year old vehicle
to reiterate my point previously made Mr. Zuckerberg
Oyezxx can write another chapter to your sequel –

so until comfortably let's continue to orbit the globe
speaking respectfully for everyone globally
thank you for expanding all the possibilities of social media
so we can simply allow our dreams to unfold –
