

Tired

As an entrepreneur I'm tired of salaries and hourly rates
especially from entities winning from sinning
as a society how can we be so judgmental
about the present and the ending
but satisfied with being ignorant to the factual beginnings –

I'm talking a million gallons a second
caught up in the mist
the eighth wonder of the world is just as real
as the open wounds from the fifties
back in our history that clearly exist –

so how can we continue to establish careers
off conspiracies and homicides
but ignore the oppression of select cultures
that have been the equivalent
of Hitler-like crimes and genocide –

Colin Kaepernick like Nike the Oyez22 family stands
behind you chatting Just do it.
