

What

What is a teacher who lacks versatility to reach the students
what's a foundation weakened by unreliable influences
what good is Donald Trump in politics
a successful business guru who's politically clueless –

what is a vehicle without electric or gas
what is longevity that has no DNA to last
what is a vision never pursued or being rich
if misery and deception is the pulse of your cash –

what's the odds of that gator snatching
lil Graves from his parents
Orlando just remembered love and forgiving
resides even when hate is apparent –

what are the benefits to elevate and mature
there are billions of lost keys for locked gates and doors
what would it be if humility starts sweating from our pores –

what's in the power of an initial step
what were the influences of Ali, Michael Jackson, Prince, 2Pac and biggie
beyond the reflections of their vintage breaths
even today they checkmated the game of global chess –

what is the disease of addiction
clearly its destruction is nonfiction
what is baseball if a pitcher is not pitching
or a military with no missions
what is that rash we can't scratch
no matter how much it keeps itching –
