

## Who's Looking

For every window there's a pair of eyes  
yeah you may bust your guns  
but ask your family and kids  
who really dies when your bullets fly –

it's a myth that death comes in threes  
Stephen Curry and Klay Thompson it's a new era  
judgment day will your higher powers forgive your soul  
if you lived your entire life raining terror –

some say survival  
let me introduce you to the hood  
a scripture from the street bible  
money on the wood keeps the game all good –

bid after bid I never met a criminal or killer who didn't regret his work  
missing everything loved especially their chicks thinking about the next man enjoying the slurp –

see the illusion of the slums are royal  
for centuries we've adapted to fruits from poisonous soil  
which has directly affected humility and trust  
to the degree even when we mourn our tears are spoiled –

so I can only imagine the feelings of rape victims  
because we will never feel sterilized  
it's crazy how society is choosing to live paralyzed  
selectively refusing to socialize Open Your Eyes –

so I question how can the system ignore  
tens of thousands of untested rape kits  
until public opinions and perceptions abroad  
forced the kits from prosecutors venomous snake pits –

so specifically to all victims of violence  
moosa  
as you read please share a mental moment of silence –

to all you ladies  
you deserve the respect of a daughter  
without you theirs no future generations,  
home stability or a new world order –

it's crazy cause everyday a child pays  
physical and emotional scars have grown  
folks stuck with child ways  
many days we are racing our shadows  
other days we are chasing the shade –

so I question  
if my demons are winning  
the blessings are yesterday's mistakes  
equals today's new beginning –

so ring your alarms  
let your voices be heard  
coming soon-Oyez22.com –
